

CHETHAN C MALLI

AI/ML Engineering Undergraduate · Intelligent Systems · Data Analytics

+91 9483606519 — chethumalli13@gmail.com — linkedin.com/in/chethumalli — Mangaluru,
Karnataka, India

PROFESSIONAL SUMMARY

Motivated Computer Science Engineering (AI & ML) undergraduate at AJ Institute of Engineering And Technology with hands-on experience in Artificial Intelligence, Machine Learning, Full-Stack Development, and Generative AI applications. Developed multiple real-world projects including Face Recognition Attendance Systems, AI Speech-to-Text Applications, Stock Prediction Models, CRM Landing Pages, and AI-powered web solutions. Passionate about building scalable digital products, modern web applications, and intelligent systems that solve real-world problems.

EDUCATION

B.E. — Computer Science & Engineering (AI/ML) Aug 2023 – May 2027 (Expected)

AJ Institute of Engineering & Technology

- CGPA: **8.20/10.00**
- Relevant coursework: Data Structures & Algorithms, Machine Learning, Deep Learning, Database Systems, Computer Vision, Natural Language Processing.
- Active member of the college AI/ML club; participated in inter-college technical fests and innovation events.

PROJECTS

Face Recognition Attendance System 2024

Python · OpenCV · Face Recognition · Streamlit

- Developed an automated attendance management system using facial recognition technology.
- Implemented real-time face detection and recognition with attendance logging.
- Built an intuitive Streamlit interface for attendance tracking and reporting.

AI Stock Price Predictor 2025

Python · Machine Learning · Pandas · Scikit-Learn

- Developed predictive models for stock market trend analysis using historical financial data.
- Applied data preprocessing, feature engineering, and regression algorithms for forecasting.
- Visualized stock performance trends and prediction results through interactive dashboards.

ClientX — CRM Landing Page 2025

HTML · CSS · JavaScript · Responsive Design

- Designed and developed a responsive CRM product landing page for ClientX.
- Implemented modern UI/UX principles with cross-device compatibility.
- Optimized page performance and user engagement through clean design practices.

TECHNICAL SKILLS

Programming	Python, JavaScript, TypeScript, SQL, C, HTML, CSS
AI / Machine Learning	TensorFlow, PyTorch, Scikit-Learn, Deep Learning, NLP, Computer Vision, OpenCV
Data Science	Pandas, NumPy, Matplotlib, Data Analysis, Data Visualization, Jupyter Notebook, Google Colab
Web Development	React.js, Next.js, Node.js, Express.js, Tailwind CSS, Vite
Databases	MongoDB, SQL
Cloud & Tools	Git, GitHub, Streamlit, FastAPI, VS Code, Vercel, Render, Arduino IDE
Design	Figma, Canva, UI/UX Design, Technical Documentation

CERTIFICATIONS

Generative AI with Diffusion Models — AWS Training & Certification	2025	
Artificial Intelligence Internship — Codec Technologies India	2025	
Virtual Internship in Web Development — CodSoft (4 Weeks)	2024	““
Introduction to Database Management System — NPTEL, IIT Kharagpur (8 Weeks)	2024	
Introduction to Artificial Intelligence — Infosys Springboard	2023	

LANGUAGE & INTERESTS

- Winner, Mini Project Competition 2024, AJ Institute of Engineering & Technology, for the project “Face Recognition Attendance System”.
- State-Level Kabaddi Champion, representing our college team in competitive tournaments.
- Successfully completed internships in Artificial Intelligence and Web Development.
- Active contributor to AI/ML and Full-Stack Development projects on GitHub.
- Participated in technical workshops, coding competitions, and innovation programs.
- Languages: English (Fluent), Kannada (Native), Hindi (Fluent).
